Protecting Your Organization against Increasing Electricity Costs

**Tuesday October 28, 2014
7:30am to 9am**

A Continental Breakfast will be served.

This is a complimentary event.

1.5 Contact Hours, .15 CEUs

Gardiner Training Facility, 31300 Bainbridge Road, Solon, Ohio 44139

Energy consumers throughout Northern Ohio are facing significant energy cost increases. Learn how to help protect your organization from rising energy costs and lower your overall energy bills.

Larger organizations could see their capacity costs increase by as much as 454% effective June 2014 and 1,060% in 2015. This represents a total cost increase in the 30% to 35% range on your utility bill at current commodity prices.

Please join us for a seminar on how to protect your organization from rising energy costs and how to lower your overall energy bill.

Speakers:

Bob Case,
President, Gardiner

Jody McDevitt,
Enernoc

Todd Barnhart,
Energy Solutions Leader, Gardiner

Trevor Joelson,
Fellon McCord
